NOTE.

In presenting the "Dundee Post Office Directory" to their Subscribers and the Public, the Publishers have to apologize for the length of time that has passed between the announcement and the appearance of that Work; but a number of unforeseen circumstances, inseparable from the preparation of a new Work, coupled with an anxious desire to be as correct as possible, in connexion with deference to the opinion of many friends as to the time of publication, will, it is hoped, be accepted as an excuse for the delay. That the "Directory" will contain mistakes is readily admitted; but these will be carefully remedied, and all unnecessary delay avoided, if the Public shall be so indulgent as to call for another Publication next year, which, in so large a community as Dundee contains, and from the termly shifting of residences and places of business, would seem to be annually necessary.

POSTAGE STAMPS.

Stamps may be procured at the General Office, Castle Street, the Stamp Office, and the several Receiving Houses. Labels 1d and 2d each, and Covers 1¼d and 2¼d each.

When the value of Stamps on the Letter is less than the amount of the Postage to which it is liable, the Letter will be charged double the amount of such difference on delivery.

Stamps may be used for *Printed Votes* and *Proceedings in Parliament*, and on Foreign, Colonial, and Ship Letters, &c., *outwards*. If any letter, however, addressed to places beyond sea, bear an insufficient number of Stamps, it will be sent to the Dead Letter Office, to be returned, in all practicable cases, to the writer. Stamps are not permitted to be used on Letters arriving in the United Kingdom *from the Colonies or Foreign Countries*.

These regulations are applicable to Newspapers in those cases where they are liable to Postage.

If the Stamps affixed to letters have been mutilated or defaced, the letters will be liable to the unpaid rate.

A letter with a Stamp affixed which has been cut from an envelope does not entitle it to pass free of charge.

Members of either House of Parliament are entitled to receive, free of charge, petitions addressed to either House of Parliament, provided they are sent in covers open at the sides, *and do not exceed the weight of thirty-two ounces.* Addresses to her Majesty go free of postage.

Printed Votes and proceedings in Parliament are charged at the following rate between places in the United Kingdom, and between the United Kingdom and the Colonies, when conveyed by packet.

Not exceeding 4 ounces, ... 1*d.*
Exceeding 4 ounces and not exceeding 8 ounces, . . 2*d.*
Exceeding 8 ounces and not exceeding 12 ounces, . . . 3*d.*
and so on in proportion. Pre-payment optional.

Letters of Soldiers and Sailors remain unaltered, their privilege being restricted to half an ounce in weight.

Letters and packets exceeding sixteen ounces in weight, with the exception of those classes mentioned below, are sent to the Dead Letter Office to be returned to the sender.

EXCEPTIONS.

Parliamentary Petitions and Addresses to her Majesty.

Parliamentary Proceedings.

Letters and packets addressed to, or received from, places beyond sea.

Letters and packets to and from public departments, and to and from officers who formerly franked by virtue of their office.

Deeds, if transmitted in covers open at the sides. These may, however, be tied with string and sealed to prevent inspection of the contents, though they must be left open at the sides, that it may be seen that they are entitled to the privilege.

RE-DIRECTED LETTERS are charged an additional postage for each re-direction according to the pre-paid scale.

BOTTLES

Containing liquid, and articles of a brittle nature, should not be forwarded through the Post, as they are almost invariably broken, either by the operation of Stamping or by the friction of the Coaches. It is besides improper so to transmit such articles, as, by accidents to them, the seals of Letters in the bags may be damaged, the Letters mutilated, or their addresses effaced. For similar reasons, articles having SHARP EDGES should not be transmitted through the Post.

REGISTRATION.

Letters, whether containing Coin or not, can be registered on payment of a fee of ONE SHILLING *in addition to the Rates of Postage,* Inland, Colonial, or Foreign. A printed acknowledgment will be given to any person registering a letter. Registered Letters will be taken until within half an hour of the closing of the Box for the particular Mail by which they are to be despatched. Letters for Registration, bearing a sufficient number of Stamps, will be considered Paid Letters, but the *fee of one shilling must always be paid in money.*

In the case of Foreign, Colonial, or Ship Letters, it must be clearly understood, that Registration can only extend to the Port of shipment. Letters, however, addressed to France, and Letters passing through France, are exceptions to this rule, the French Post Office undertaking to provide for their security till they shall have been delivered, *if addressed to France,* and so long as they remain in the French territory, *if passing through France.*

The arrangements for carrying out the system of Registration have been made with the view of insuring the safe delivery of Registered Letters; on their delivery the parties to whom they may have been addressed will be required to acknowledge in writing their receipt. *Parties transmitting Bank Notes, Bank Post Bills, Drafts, Jewellery, &c., should invariably secure their transmission by Registration;* and persons having occasion to send by Post *small sums,* are recommended to make use of

THE MONEY ORDER OFFICE,

General Office, Castle Street, where they will incur *no hazard.* The charge for such Orders is threepence on sums under *two pounds,* and sixpence on sums between *two* and *five pounds.*

No order will be given for sums beyond this amount.

Money orders can be granted on the towns in the following lists having the letter "*m*" prefixed.

The postages on letters addressed to, and passing through France, are calculated on the following principle.

The *British* rate on all Letters addressed to *France* and *Algeria*, or to countries *through France*, is 5d on a Letter *not exceeding half an ounce* in weight, and the *French* rate on such Letters is 5d on a Letter *under the weight of a quarter of an ounce*, to whatever place in *France* or *Algeria* the Letter may be addressed; excepting, however, all Letters conveyed by *British* Packets in the Mediterranean, which are liable to the *British Mediterranean rates* in addition to the above mentioned British rate of 5d from England.

The French *transit* rate on Letters passing *through France* is also reduced to 5d on a Letter *under* the weight of a *quarter* of an ounce, but the other *Foreign* rates vary according to the limit to which the Letter may be paid.

All letters addressed to France, or to countries through France (except to certain countries, to which the British rate of 5d need only be paid), are liable to both the British and Foreign rates combined; for instance, a Letter *not exceeding half an ounce* is liable to one British rate, while a Letter *under a quarter of an ounce* is liable to one Foreign rate, and so on in proportion, as shown in the following scale:

				British Rate.		Foreign Rate.
A Letter under a	$\frac{1}{4}$	of an ounce	is liable to	1	and	1
— weighing a	$\frac{1}{4}$	and not exceeding $\frac{1}{2}$	—	1	—	2
— exceeding	$\frac{1}{2}$	and under $\frac{3}{4}$	—	2	—	3
— weighing	$\frac{3}{4}$	and not exceeding 1	—	2	—	4
— exceeding	1	and under $1\frac{1}{4}$	—	4	—	5

The British charge increasing *two Rates of Postage* for every additional *ounce*, according to the scale of weight for charging Inland Letters, and the Foreign charge increasing *one Rate of Postage* for every additional *quarter of an ounce*. It must be observed, however, that this Table is not strictly correct, as the English and French modes of charging by weight are dissimilar; a Letter *not* being liable to an increased *British*

Rate, unless it *exceed* the half ounce or ounce, while an additional Foreign *Rate* is chargeable if it actually *attain* the quarter, half, three quarters of an ounce, or ounce, respectively.

Letters to *France* and *Algeria* must be either unpaid, or have the whole of the Postage to destination, British and Foreign, paid in advance, as it is no longer optional to pay the British rate only.

For further rates, see the General Alphabetical List of Foreign Countries in the previous pages.

Letters for *Baden* and *Bavaria*, paid to Calais, may be sent *unpaid through France, or paid to destination.*

Letters for the following places may be forwarded by the *French* Mediterranean Packets, which leave Marseilles on the 1st, 11th, and 21st of each month, either *unpaid or paid to destination,*—viz.

Alexandria; Constantinople; The Dardanelles; Greece; Malta; Papal States, or States of the Church; the Two Sicilies; Smyrna; Tuscany; and to the Ionian Islands, if pre-paid.

Letters intended to go by these Packets should be addressed "by *French* Mediterranean Packet."

Letters for Malta and Alexandria may be also sent by the closed mail on the 2d of each month, either *unpaid or paid to destination;* but on Letters for the Ionian Islands and the East Indies, sent by such closed mail, the *Postage must be pre-paid.*

PAID LETTERS.

On Letters tendered to be paid to France, or on Letters addressed to *places in the Mediterranean* or beyond, through France, the *whole Postage, both British and Foreign*, will be demanded. The whole postage must be paid on Letters addressed to *India, China, Ceylon, &c.*, when forwarded through France.

REGISTERED LETTERS.

Registered Letters to *France* continue to be sent under the *same regulations* as formerly; and Registered Letters addressed to countries *through France* will be treated in like manner,—that is, a Registration Fee of 1s over and above all rates of Postage, must be paid in advance, the *British rate* being the same as on other Letters similarly addressed but not registered; but *double the Foreign rates* to destination, or to the utmost limit to which the Postage can be paid, to which an ordinary Letter would be liable, will be taken, the whole Postage being paid in advance.

NEWSPAPERS.

English Newspapers may be forwarded to France by Packet *free* of Postage, or by Private Ship, for one penny each, and French Newspapers are delivered in England for one halfpenny each.

On Newspapers to and from Spain, *via France*, the rate is one halfpenny each.

On Newspapers to and from Greece, one penny each, if forwarded by the *French Mediterranean Packets.* Free, if addressed *via* Trieste.

On Newspapers forwarded by the *monthly closed mail, and not via Falmouth*, to or from the *East Indies, Malta, or any other place in the Mediterranean*, the rate is 3d each.

On newspapers to and from all other countries, either on the Continent of Europe or beyond sea, passing through France, the rate is 2d

each. *Prices Current and Commercial Lists, duly stamped,* enjoy the same privilege as Newspapers.

PERIODICAL WORKS AND PARLIAMENTARY PROCEEDINGS.

Periodical Works, not strictly Newspapers, which are published as Pamphlets, and Parliamentary Proceedings, may be forwarded to France, *but to France only,* under the following regulations:

They must be sent in Covers open at the sides, printed in the English language, and pre-paid.

The rates of Postage on such Works and Parliamentary Proceedings are,—

Not exceeding two ounces in weight,..... 1d.
Above two ounces, and not exceeding three ounces,..... 6d.
Above three ounces, and not exceeding four ounces,..... 8d.

And 2d for every additional ounce up to the weight of 16 ounces, beyond which weight no publication can be forwarded.

The above-mentioned Rates and Regulations apply equally to all Letters passing between England and France, whether forwarded by the regular Mail Packet, or by Private Ship.

LETTERS TO AND THROUGH BELGIUM.

The Postages on Letters addressed to and passing through Belgium are calculated on the following principle.

The British rate on Letters, addressed to *Belgium*, will be reduced to 8d on a Letter *not exceeding half an ounce* in weight, and the Belgian rate on such Letters will be reduced to 4d on a Letter *under the weight of a quarter of an ounce*. These Letters will be liable to both the British and Belgian rates combined, in the same manner as such combined rates are now charged on Letters addressed to France; for instance, a Letter *not exceeding half an ounce*, will be liable to one British rate, while a Letter *under a quarter of an ounce* will be liable to one Foreign rate, and so on in proportion, as shown in the following scale.

					British rate.		Foreign rate.
A Letter under a	¼	of an ounce	is liable to		1	and	1
„ weighing	¼	„	and not exceeding	½ „	1	„	2
„ exceeding	½	„	and under ...	¾ „	2	„	3
„ weighing	¾	„	and not exceeding	1 „	2	„	4
„ exceeding	1	„	and under ...	1½ „	4	„	5

The British charge increasing *two rates of Postage* for every additional *ounce*, according to the scale of weight for charging inland Letters, and the Foreign charge increasing *one rate of Postage* for every additional *quarter* of an *ounce*. It must be observed, however, that this table is not strictly correct, as the two modes of charging by weight are dissimilar, a Letter *not* being liable to an increased *British rate* unless it *exceed* the half ounce, or ounce, while an additional *Foreign rate* is chargeable if the Letter actually *attain* the quarter, half, three quarters of an ounce, or ounce respectively.

Letters addressed to Belgium must be either sent unpaid, or the whole of the Postage, British and Foreign, to destination, must be paid in advance, as it will not be permitted to pay the British rate only, as at present. It is necessary, however, that the Postage on all *registered Letters*, as well as the British registration fee of 1s, *should be paid in advance*.

The *British Postage* on a Letter conveyed *via* Belgium, between the United Kingdom and the states of the Continent, beyond Belgium, either by packet or private ship, will be reduced to the uniform rate of 8d *when not exceeding the half ounce;* 1s 4d when *not exceeding the ounce*, and so on; but this rate must *be paid in advance*, by the sender, or the Letter cannot be forwarded, *unless there be some other route by which it can be transmitted unpaid*.

It must be understood, however, that no Letter, addressed to countries beyond Belgium, will be forwarded from the United Kingdom *via* BELGIUM, UNLESS SO ADDRESSED.

Letters from the United Kingdom, for any British Colony or Foreign country beyond sea, *addressed via Belgium*, will be liable to a British rate of 8d *when not exceeding the half ounce*, and a Belgian rate of 9d *under a quarter of an ounce*, and so on, according to the respective scales of progression shown above. Both these rates, however, *must be paid in advance*.

NEWSPAPERS, &c.

British Newspapers, duly stamped, may be forwarded by packet or private ship to Belgium, free of Postage ; and Newspapers published in Belgium, and addressed to the United Kingdom, will be liable, on their delivery, to a Postage of one halfpenny each.

British Newspapers sent from the United Kingdom to any British Colony or Foreign Country through Belgium, will be liable to a Postage of 2d each, which must be *paid in advance*.

Printed Prices Current, Commercial Lists, and Courses of Exchange, published in the United Kingdom, and addressed to Belgium, and *vice versa*, will be forwarded to Belgium, and delivered in the United Kingdom, upon payment in this country of One Penny each, under the following conditions,—viz.

They must be printed in the language of the country in which they are published.

They must be sent in covers open at the sides.

They must merely give the names and prices of the goods, without the names of the venders or senders, and they must not contain any writing or manual mark whatsoever, other than the name and address of the person for whom they are intended.

PERIODICAL WORKS AND PARLIAMENTARY PROCEEDINGS.

Periodical Works, not strictly Newspapers, which are published in the United Kingdom as Pamphlets, and Parliamentary Proceedings, will be forwarded to Belgium, at reduced rates of Postage, under the following regulations:

The Postage must be paid in advance.

They must be sent in Covers open at the sides.

They must be printed in the English Language.

The rates of Postage on such Works and Parliamentary Proceedings will be as follows:

Not exceeding 2 ounces in weight, ... 1d.
Above 2 " and not exceeding 3 ounces..... 6d.
Above 3 " and not exceeding 4 " ..... 8d.

And 2d for every additional Ounce, up to the weight of Sixteen Ounces, beyond which weight no Publication can be forwarded.

SHIP MAILS.

Ship Letters.—The single rate to places beyond sea, when conveyed by private ship, is 8d under half an ounce, 1s 4d under an ounce, 2s 8d under 2 ounces, and so on.

Owners, Consignees, or Charterers (resident in the United Kingdom), and the Owners, Consignees, and Shippers of Goods on board vessels inward bound, are entitled to receive their letters free from sea postage, to the extent of six ounces. In case of vessels from *Ceylon, Mauritius, the East Indies, and the Cape of Good Hope*, the privilege extends to twenty ounces in weight. The Owner, Charterer, or Consignee, must be described as such in the address; and in case of Owners, Shippers, or Consignees of Goods, it must appear, by the ship's manifest, that they have goods on board.

A penalty of ten pounds is incurred by parties *falsely* superscribing a letter as Owner, Shipper, Charterer, or Consignee.

Letters for Foreign Countries, the pre-payment of which is required, when put into the unpaid box, or left at the office with *less* than the full postage, are sent to the Dead Letter Office, and returned to the writer, when his address can be ascertained.

NEWSPAPERS AND SUPPLEMENTS TO NEWSPAPERS.

All Newspapers must be sent in covers, open at the sides, and no words or communication may be printed or written on such papers or covers after the same shall have been published, other than the name and address of the persons to whom they are sent; nor anything enclosed or concealed in either Newspaper or cover. News-venders *only* may *print* their names and addresses thereon. Newspapers may be examined by the Officers of the Post Office; and, if there be any breach of the above regulations, the packet is chargeable with treble the amount of postage which a letter of the same weight would have been liable to. Any person contravening the law, may, at the option of the Postmaster-General, be prosecuted as for a misdemeanour.

Clause of the Act of 1st Victoria, cap. 34, sec. 32.

"And be it further enacted, that in all cases in which a question shall arise whether a printed Paper is entitled to the privileges of a Newspaper or other publication hereby privileged, so far as respects the transmission thereof by the Post under the Post Office Acts, the question shall be referred to the determination of the Postmaster-General, whose decision, with the concurrence of the Lords of the Treasury, shall be final."

THIS Association is constituted on the principles of Mutual Assurance, with the benefit for the first Twenty Years of a Capital of £20,000.

THE SCOTTISH FREEMASONS' LIFE ASSOCIATION (continued).

The great object and aim of this Association is to place the benefits of Life Assurance within the reach of every individual in the country, however limited his circumstances may be, and that upon terms equally profitable to every insuring Member; and, with that view, the Directors issue Policies for sums of £10 and upwards, and receive payment of the Premiums by yearly, half yearly, quarterly, or such other payments as may best suit the convenience of the Assured.

No Entry Monies or Arbitrary Fines are charged, and Policies for £20 and under are payable immediately on proof of death—all Policies above that sum being payable one month after proof.

While every precaution is taken to prevent Policies lapsing by non-payment of the premiums, Members having occasion to drop or surrender their Policies are dealt with on terms more liberal than those hitherto offered by any Office.

This Association also grants Present, Deferred, and Survivorship *Annuities; Provisions to Widows; Endowments to Children;* and, in general, EVERY KIND OF BENEFIT *in the calculation of which the value of life is involved.*

Although the Association is in all respects a public one, and ready to transact business with all applicants, whatever may be their station or sphere, it has been founded under the immediate sanction and approval of the Grand Lodge of Scotland, and has thus, at its outset, in addition to a large body of Shareholders, interested a numerous and influential portion of the community in its prosperity and advancement.

THE GUARANTEE SOCIETY has been established to obviate the defects of the system of Suretiships by private Cautioners, which is universally acknowledged to be attended with inconveniences and objections of a very serious nature. The Society undertakes,

upon payment of a premium, varying from 10s per cent. per annum and upwards, to make good, in cases of default by fraud or dishonesty, any losses which may be sustained, to an amount specifically named and agreed upon in their Policy.

To Managers, Secretaries, Factors, Clerks, and all others holding, or about to hold, confidential and responsible situations, the Guarantee Society presents immediate facilities for obtaining surety for integrity, whereby relations and friends may be relieved from the various pecuniary responsibilities attendant on such cautionary obligations.

The Security of the Guarantee Society is accepted by the East India Company, Bank of England, and the principal Banking, Mercantile, and Commercial Firms both in London and throughout the country. Forms of Application, and every information, may be obtained from

MARINE CHRONOMETERS.

ALEXR. CAMERON begs respectfully to say, that his MARINE CHRONOMETERS, which have given so much satisfaction to the commanders of ships, sailing to all parts of the World, from the Ports of London,

Liverpool, and Dundee, and sold from 32*l.* to 42*l.*, are constructed upon the same principle as those furnished by him *to the Russian Discovery Ships*, commanded by officers selected from the Imperial Navy, on a voyage of discovery. (See *Edinburgh Scotsman* of 13th October 1832.)

Being a practical workman, of thirty years' experience, the whole of the Chronometrical parts are correctly adjusted by himself, in the *intermediate action, local attraction,* and *extreme variation,*—his object being to bring time-keepers of every description to the highest state of perfection, at the smallest remunerating profit, consistent with instruments of so much importance to navigation and general science.

Chronometer Rates determined by Transit Observations.

PATENTEES AND MANUFACTURERS OF

ELECTRO-PLATED AND GILT GOODS,

Regent Street, London,

RESPECTFULLY INTIMATE TO THE PUBLIC, THAT THEY HAVE APPOINTED

ALEXANDER CAMERON,

GOLDSMITH,

4 HIGH STREET, DUNDEE,

AGENT FOR THE SALE OF THEIR GOODS;

Who has always on hand a variety of the Newest Patterns, which will be forwarded for inspection on application being made to him.

THE PATENTEES,

In introducing to the notice of the Public the articles of their manufacture, are anxious to have it distinctly understood, that they totally differ, as well from ordinary plated goods, as from the numerous articles offered to the Public as "Substitutes for Silver;" they are manufactured from a White Metal of the sound and appearance of Silver, and afterwards plated with a strong coating of pure Silver by the electro process. The following they consider the principal advantages resulting from their process.

ALEXANDER CAMERON, JEWELLER (continued).

1.—The goods are manufactured in the same manner as Silver,—the ornamental parts being chased in solid metal, and, where joints are necessary, none but *hard Solder* is used.
2.—The base is composed of a purified White Metal of great durability, and of the same colour as the exterior.
3.—The union of the surface and base is perfect, forming *One Body*.
4.—The plating on the more prominent parts is, from the nature of the process, stronger than on those parts less exposed to wear.
5.—Every description of style, however elaborate, and whether embossed or engraven, can be plated and gilt with the same facility as a plain surface.
6.—With moderate care, these goods will last from ten to twenty years, and can be re-plated when injured or worn (which, under the old process, could not be done), at a comparatively trifling expense.

PROVIDENT LIFE OFFICE,
AND
COUNTY FIRE OFFICE,
REGENT STREET, PICCADILLY;
No. 16 ROYAL CIRCUS, EDINBURGH; AND BANK, HENRY STREET, DUBLIN.
ESTABLISHED MIDSUMMER 1806.

President of the Life Office—The Right Honourable EARL GREY.

Trustees of the Fire Office—His Grace the DUKE of RUTLAND, K. G. &c.

Managing Director of both Offices—J. A. BEAUMONT, Esq.

THE PROVIDENT LIFE OFFICE was the original Office which effected Insurances upon the principles of Participation of Profits combined with an ample Capital.

PROVIDENT LIFE OFFICE, AND COUNTY FIRE OFFICE (continued).

The Profits of the Provident are divided at the end of every Seven Years among the Members, in proportion to their respective contributions. Prior to the Septennial Division in 1841 the profits had gone on increasing from 1806 to *Forty* per cent. In 1841 there were added to the Policies then current, bonuses to the extent of upwards of 215,000*l.* Only one eighteenth part of the profits is taken by the Shareholders in consideration of their advance and guarantee of a quarter of a Million Sterling, and their exoneration of the other Members from any loss.

The importance to Young Lives of the Plan upon which the Profits are divided will be seen by the following Table:

No. of Policy.	Sum Insured.	Bonus in 1813.	Bonus in 1820.	Bonus in 1827.	Bonus in 1834.	Bonus in 1841.	Total of Bonuses.
	£	£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.	£ s. d.
109	2500	75 6 3	146 4 11	167 13 6	219 18 4	604 0 4	1213 3 4
430	1000	30 3 0	60 0 11	68 17 0	90 6 0	248 6 4	497 13 3
435	3000	90 14 5	166 7 8	236 1 6	270 18 0	744 19 6	1509 1 1
492	1000	32 3 2	74 12 7	85 11 6	112 4 8	299 15 11	604 7 10
515	1000	21 16 10	50 16 3	58 5 3	76 8 4	204 1 1	411 7 9
982	2000	44 4 5	123 4 1	141 3 3	185 5 3	480 7 10	974 4 10

A fair comparison between different Offices can only be made between Offices of equal date, inasmuch as it takes many years to bring into operation the average of deaths among the Assured, and an old-established Office is daily called upon to *act strictly* up to its professions; while another, recently established, may hold out to the public the most tempting *promises*, secure against being called upon to *perform* them for many years.

Of the numerous Offices now in existence, four were established about the same period as the Provident, and professedly upon the same principles. The additions made by the Provident and two of these other Offices upon Policies on a certain Life, where the sum insured and the premium paid were the same in each case, were as follow:

	Sum Insured.	1st Bonus declared in 1826.	2d Bonus declared in 1833.	3d Bonus declared in 1840.	Total Bonus.
	£	£ s. d.	£ s. d.	£ s. d.	£ s. d.
PROVIDENT POLICY, 4405, issued in 1822,	5000	334 17 3	614 16 8	917 16 7	1867 10 6
EAGLE POLICY, 77, 707,	5000	{ Issued in 1826. }	None.	339 19 11	339 19 11
HOPE POLICY, 5678, issued in 1822,	5000	50 0 0	None.	200 0 0	250 0 0

If any one who has insured his own life in this Office, die by suicide, duelling, or the hands of justice, his representatives may receive the full value which his Policy bore on the day previous to the time of his

death. Another condition, which is *peculiar* to the *Provident Life Office* is of great importance to persons effecting Insurances: "If, from any "accident, parties do not renew at the stated periods, they are entitled "to repair the omission, *at any time within one year*, on the payment "of a fine of 10s per cent., and satisfactory proof of health."

The COUNTY FIRE OFFICE is the only Office that has made regular and large returns to the parties insured. These returns, which have been made to 100,000 persons, have been constant; they have been 10, 20, and 25 per cent. invariably since 1807, and have amounted to 123,000*l.*

MUTUAL ASSURANCE COMBINED WITH MODERATE PREMIUMS, AND DIVISION OF THE WHOLE PROFITS AMONG THE ASSURED.

SCOTTISH PROVIDENT INSTITUTION.

OFFICES, { EDINBURGH, No. 14 ST ANDREW SQUARE. GLASGOW, 67 ST VINCENT STREET.

JAMES WATSON, Manager.

INTENDING ASSURERS are requested to examine the provisions of this Association. The Directors continue frequently to receive proposals from parties who had assured with other Offices without due consideration, and who find they will even now be gainers by surrendering these Policies, and opening new ones in this Office.

AS COMPARED WITH PROPRIETARY OFFICES, it possesses (in common with other Mutual Offices) this essential advantage,—THAT THE WHOLE PROFITS BELONG TO AND ARE DIVISIBLE AMONG THE POLICY-HOLDERS; while the Premiums are as low as by the *Non-participating* Scale of any of the PROPRIETARY Offices. The following, again, are its advantages,

AS COMPARED WITH OTHER MUTUAL OFFICES.

1st, PREMIUMS AT EARLY AND MIDDLE AGES ABOUT A FOURTH LOWER;—whereby the *greatest present benefit* is *secured* to all.

2d, A MORE ACCURATE ADJUSTMENT OF THE RATES OF PREMIUM TO THE SEVERAL AGES;—thereby obviating the injustice usually done to the younger members, by overcharging their Premiums to make up for a deficiency on those of the old.

SCOTTISH PROVIDENT INSTITUTION (continued).

3d, A PRINCIPLE IN THE DIVISION OF THE SURPLUS MORE SAFE, EQUITABLE, AND FAVOURABLE TO GOOD LIVES;—whereby those who survive the average duration of life will derive the greatest *future contingent* advantages.

4th, EXEMPTION FROM ENTRY-MONEY;—a heavy and unequal addition to the first year's payments.

ANNUAL FREMIUM TO ASSURE 100*l.* AT DEATH.

Age 25	30	35	40	45	50
£1 18 0	£2 1 6	£2 6 10	£2 14 9	£3 5 9	£4 1 7

The premiums may be made to cease entirely after a limited number of payments. Those payable for TWENTY-ONE YEARS *only will be found nearly the same as most Offices require for the whole of life.*

Every information regarding the best and cheapest method of effecting Assurances on Lives will be given on application, either personally or by letter, to

THE IMPORTANCE OF FIRE INSURANCE is now so generally understood, that it is unnecessary to demonstrate its value by Illustration or Example; but it nevertheless is of great importance to Individuals possessed of Insurable Property, to inform themselves, by Inquiry and Comparison, in what OFFICE it is most advantageous for them to Effect their ASSURANCES, looking at once to the Stability, Character, and Rates of the various Institutions carrying on the business of FIRE INSURANCE.

SINCE LAST RETURN OF PROFITS TO THE ASSURED, POLICIES covering PROPERTY to the extent of upwards of

THE FRIENDLY FIRE INSURANCE COMPANY (continued).

FOUR MILLIONS AND A HALF STERLING

Have been ADDED to the BUSINESS OF THIS COMPANY; and, as the ASSURED Participate in the Free Profits, to the extent of THREE FOURTHS, this Increase becomes of interest to them, from the circumstance that, with the trifling exception of 60,202*l.*, it consists of INSURANCES of the FIRST THREE or ORDINARY CLASSES, which are known to form the Profitable part of the Business of FIRE INSURANCE. The advantages which have led to this increase are—

First—THE LARGE INVESTED CAPITAL of the Company.

Second—The high character which the Incorporation has maintained during its long existence (124 years) for a PROMPT AND LIBERAL SETTLEMENT OF CLAIMS.

Third—THREE FOURTHS of the FREE PROFITS of the Business being Septennially *returned to the Assured*, who are GUARANTEED FROM RESPONSIBILITY by the WHOLE BODY OF PROPRIETORS, and by an INVESTED CAPITAL greatly larger (with one exception) than that of any other Scotch Company, even those established for carrying on both Fire and Life Insurance; and thus, although a Proprietary Company, the FRIENDLY affords the advantages of a Mutual Insurance Company, without the concomitant responsibilities to which Members of such Institutions may be liable, if not under judicious management.

Fourth—A RETURN OF TWENTY PER CENT. was made to the Assured from 1832-39, and that return was not confined to Policies current during the whole of that period, but extended to the TOTAL AMOUNT OF PREMIUMS received during these years, whatever the duration of the Insurances.

No Expense attends the Transfer of Policies from other Offices.

Printed Prospectus, showing the Rates and Conditions of Insurance, may be had on application at the Head Office, or at any of the Agencies.

FARM INSURANCES.

The SAVING afforded to those Insuring FARM BUILDINGS, and STOCK and CROP, by the Rates and Conditions of the FRIENDLY FIRE INSURANCE INCORPORATION, is so considerable, that the DIRECTORS feel confident that few Agriculturists aware of this will fail to take advantage of it.

On the ordinary description of Farm Steadings, and on Stock and Crop therein, or on any part of the Farm (and without the average clause), the Premium is *only* 1s 6d *per* 100*l.* *or Twenty-five per Cent.* less than that of any other Office. And, as on the Premiums received from 1832-9, a Return of Twenty per Cent. was made to the Assured, *it followed that the expense of Insuring* 1000*l.* *(for instance) with the* FRIENDLY, *for a year, during any part of the period stated, was* TWELVE SHILLINGS *instead of* ONE POUND, *or, in other words,* LITTLE MORE THAN ONE HALF THE CHARGE OF OTHER SCOTCH OFFICES.

The same observations apply to MANSION HOUSES in the Country, and FURNITURE therein.

THIS is the only LIFE ASSURANCE COMPANY native to a large district of the East of Scotland, comprising, with Forfarshire, the adjacent Counties of Fife, Perth, and Kincardine;

EAST OF SCOTLAND LIFE ASSURANCE, REVERSIONARY INTEREST, AND ANNUITY COMPANY (continued).

and, in order to secure extensive patronage from the above district and elsewhere, it will be their study to unite, in so far as practicable, the security afforded to the Assured by a large subscribed capital and body of Shareholders with the advantages belonging to the system of Mutual Assurance.

With this view, the Company's *Non*-Participation Rates of Premium will be stated on as moderate a scale as experience has shown to be consistent with security, and will be found to bear a favourable comparison with those of any other Office, while Parties Assured on the Participation Scale will be entitled to a large proportion of the Profits on the Company's Business in this respect, to be adjusted and divided among them on the most liberal and equitable principles.

The Company unites in its system every variety of Assurance on Lives and Survivorships, with the granting of Annuities and the purchase of Reversions, Annuities, and other Interests depending on the contingencies of Life.

Forms of Proposal for Life Assurance, and full information as to the Company's Rates of Premium, and in regard to the various advantages which may be derived from their System of Business, will be furnished by the Manager to parties wishing to transact with the Company.
